

NEW TOOLS FOR INSPIRED TEACHING!

**The world is changing.
Your classroom is changing—**
and visual media is becoming an essential component of classroom instruction. Studies support the value of multimedia as a teaching tool—one whose frequency of use has been shown to increase student achievement and motivation.*

Experience the **Disney** Difference

Designed for Classroom Use

Who knows teaching better than teachers? That's why all our programs are created with input from content experts and teachers **just like you.**

Correlated

Every DVD is correlated by grade level to National Curriculum Standards.

Exclusive Learning Content Designed for Educational Use

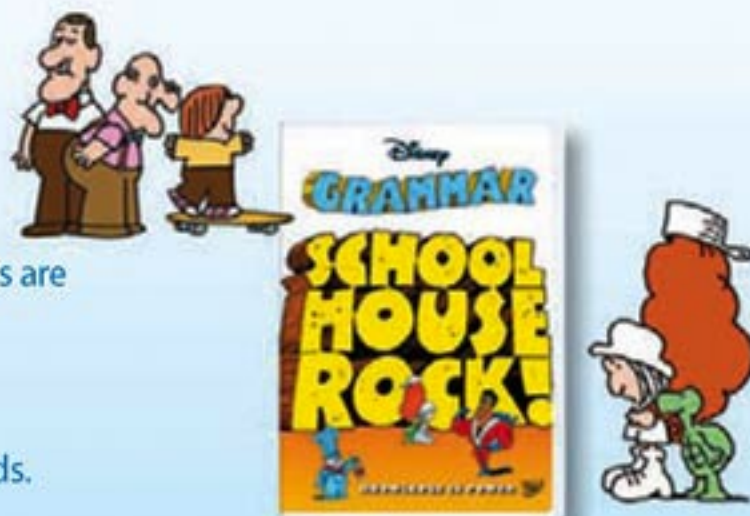

Expert interviews and bonus features are designed to reinforce key concepts and bring learning to life.

Educator's Guides & Public Performance Rights

An invaluable resource, our printable guides simplify lesson planning with assessment tools, classroom activities, worksheets, and resources. Every title in our collection also **includes Public Performance Rights** for classroom/educational use only.

Award-Winning Programs

Our DVDs make the grade with students and teachers. We're proud to have received numerous awards and accolades.
